EXPERIENCE

Web Developer Intern | Riot Ecommerce Solutions

Feb 2026 – Present

- Developed official corporate website pages and landing pages for Riot Ecommerce Solutions using **React.js, JavaScript, Tailwind CSS, Framer Motion, and HTML5**.
- Implemented responsive UI components, interactive features, SEO optimizations, and marketing graphics in collaboration with a developer.

PROJECTS

Riot Ecommerce Official Corporate Website | Frontend Development

React.js, JavaScript, Tailwind CSS, Framer Motion, HTML5

- Contributed to developing and enhancing the official corporate website for Riot Ecommerce Solutions, building responsive UI components, Framer Motion animations, and frontend performance updates.

Personal Portfolio Website

[Live Demo](#) ■

React.js, JavaScript, HTML5, Tailwind CSS, Vite, Vercel

- Engineered a responsive personal portfolio to showcase developer skills, projects, and academic background with reusable React components deployed on Vercel.

Task Management Application

[Live Demo](#) ■

React.js, JavaScript, HTML5, CSS3

- Developed an interactive task management application with React component state management for real-time task creation, editing, and dynamic updates.

Shop-Ease Ecommerce Website

[Live Demo](#) ■

JavaScript, HTML5, CSS3

- Designed a responsive ecommerce platform featuring product listings, interactive UI elements, and consistent shopping navigation across mobile and desktop devices.
